- *Most titles have a pathway for promotion.*
  - Units must have procedures for career-track promotion that are approved by the Provost.

Career-track Faculty Titles in UHAP

• Lecturer
  • Primary responsibility is teaching undergraduate or clinical courses.

• Clinical Professor
  • Their primary responsibilities include teaching or managing students in the practice requirements of their degree programs in a manner that advances the educational mission of the University in a significant or substantial way.

• Research Professor
  • Primary responsibilities of such employees are to engage in, be responsible for, or oversee a significant area of research or scholarship in a manner that advances the mission of the University in a significant and substantial way.

• Professor of Practice

Track Transfers

• **From Instructor to Lecturer**
  • Appointments as instructor are generally made to career-track faculty whose workload is limited to teaching in a particular area.

• **From Lecturer to Assistant Professor of Practice**

Such appointments are to be made following standard procedures.

- [https://facultyaffairs.arizona.edu/covid-19-context](https://facultyaffairs.arizona.edu/covid-19-context)
- Candidates can use this subsection of the dossier to describe the influence of COVID-19 on any aspect of their position (e.g. changes in research/creative activities, teaching, service, job position, clinical service, etc.).
- The purpose of this section is to help reviewers understand how changes implemented due to the global pandemic of COVID 19, which began in Spring 2020 may have impacted the trajectory of the candidate's work. Please provide no more than a 2 page description (single spaced) for this subsection.
  - Please note that Student Course Surveys and Peer Observations were not conducted during Spring 2020 for the majority of faculty and are not required in the promotion dossier from that semester. Please provide up to one-page description (single spaced) for this subsection.
COVID-19 considerations

Starting Point For The Honest Conversation

Asking The Right Questions

TEACHING
How many course(s) were transitioned to an online mode during Spring 2020?

Was completion of online-education training or attendance at teaching meetings required?

Did faculty member mentor students during Spring 2020?

RESEARCH
Was access to their research lab reduced or eliminated?

Was unspent start-up funding pulled to offset university finances?

Was there irreplaceable loss of research animals, subjects, supplies, field seasons, or travel?

Were invited seminars and/or conference presentations cancelled?

Was the research program altered to address issues related to COVID-19?

SERVICE
Did faculty member contribute to department or university initiatives related to COVID-19?

Did they contribute to public discussions, community engagement related to COVID-19?

Did the scope of service duties change during Spring 2020?

Evaluation Committees Should:

Be diverse - Include women and faculty of color.
Be informed - Understand inequality and inequity at their institutions.
Be transparent - Detail plans to promote gender equity and race parity.
Be proactive - Distribute a clear and documented procedure for (re)evaluation.
Be trained - Understand how COVID-19 differentially impacts the careers of women.

(Malisch, et al., 2020)
Additional Considerations

• Most peer institutions are instituting the same type of protocol, so it will be expected and common in dossiers sent to external reviewers.

• Clock delay information is indicated on Section 2 workload.

• Additional training and changes to teaching can be put in the teaching portfolio.

• Positive Impacts
  • Creativity/good outcomes of teaching
  • Indicate if Service activities are COVID-19 related
  • Provide examples of publicly significant contributions
Pandemic Context

- Additional stress, frustration, anxiety and even burnout
- Increased workload
  - Remote learning pivot and student safety
- Deterioration of work-life balance
- Fewer uninterrupted blocks of time
- Grief, loss, loneliness, illness, death
- Teaching Challenges and Additional Service
  - Extraordinary support for students and colleagues
- Research Challenges
  - Access to lab, access to human participants, slow down in lab activities or materials, loss of grad students, Loss of funding
Systemic Barriers

- Systemic influences affected the work experiences of women and BIPOC individuals during the pandemic.
- Caregiving has been a very prominent issue.
  - Concerns about underreporting in COVID19 statements

Interpreting SCS Multiple Choice Items

- For each item, look at the pattern of response rates.
- Items with a greater proportion of strongly disagree and disagree may indicate teaching practices that can benefit from the introduction of new strategies.

Interpreting SCS Results

Teaching Practice: Builds upon students' prior knowledge and experience

SCS Item: This course expanded my knowledge and skills in this subject matter.

Example Strategies:
• Visible Thinking: Illustrate how information links/connects with foundational concepts using diagrams or graphic organizers such as concept maps or mind maps. Both the instructor and students should have the opportunity to reveal their thinking to others and to discuss as a group.
• Make it relevant: Use models/contexts that make sense to students, relating to experiences they are likely to have had in their own lives. This can help facilitate the connection between new and prior knowledge.
• Encourage reflection: Have students revisit their ideas, and ask them frequently how their understanding has changed. How do new concepts/processes relate to those presented earlier in the course?
