Vision

We aspire to maintain high levels of accountability, efficiency, and transparency in all areas of faculty affairs. We adhere to the fundamental values of our land grant institution and R1 status. We believe that a humanistic approach to faculty activity will foster excellence, equity, and impact. We aim to promote understanding of the role and contributions of faculty in teaching, research, service, extension, creative activity, and clinical work.
Welcome to the University of Arizona!

You have been chosen by your colleagues through a rigorous and competitive process. We are pleased to have you join the University of Arizona. Faculty Affairs is here to help support your contributions in teaching, research, service, extension, or clinical work.

I came to University of Arizona 22 years ago as an Assistant Professor in Mexican American Studies. I found UArizona to be a nurturing place for my research, teaching, and with many opportunities for leadership in service. UArizona faculty have a strong sense of community and connection, and I found meaningful support from my colleagues for promotion.

Our team at Faculty Affairs works with all faculty across their career-lifespan from hiring through promotion and into retirement. The centerpiece of our work is supporting faculty, departments, and review committees through the promotion process.

Equity is a core value in our office and drives our work to increase accessibility and opportunity for all faculty.

Welcome again and thank you all for your commitment to the University of Arizona.

Bear Down Faculty!

WELCOME!
One of the University of Arizona’s distinctive strengths is advancing Inclusive Excellence via equal opportunity, diversity, and inclusion as outlined in the University of Arizona’s Purpose and Values. It is a time for action on equity and diverse representation. Faculty Affairs honors that commitment by recognizing the Indigenous lands on which we are privileged to teach and learn, those of the Tohono O’odham and the Pascua Yaqui. We honor the responsibility of being both a Land Grant Institution and a Hispanic Serving Institution.

Innovation, critical thinking, and problem-solving are greatly enhanced in a diverse and inclusive academic community. In Faculty Affairs we create, develop, and support institutional structures that lead to programs, resources, and services to cultivate faculty promotion and success in their scholarship, teaching, and service. We are actively engaged in partnership with leaders across campus to build affirming and inclusive systems for faculty advancement (see McNair, Bensimon, & Malcom-Piqueux, 2020).

### FACULTY SENATE & SHARED GOVERNANCE

• The University of Arizona practices **shared governance** with its faculty, appointed personnel, staff, students, and our ultimate governing body, the Arizona Board of Regents. Faculty members not only share in the traditional role of recommending academic curricula and academic personnel policies, but also in the strategic and financial planning process, and in developing policies and procedures relative to the general operations of the University. Participation in the faculty governance process, on committees, in the Faculty Senate, on SPBAC, etc. helps to improve this University and to protect faculty rights.

• The Faculty Center is directed by the Chair of the Faculty, and is staffed by two employees who manage and coordinate the activities and proceedings of the Faculty Senate, as well as the Faculty Senate Standing committees, General Faculty committees, and University-wide committees. The Faculty Center’s meeting room can host meetings of up to ten people and offers resources regarding faculty/shared governance to any member of the faculty or the University Community.
