

SECTION 10: LETTERS FROM INDEPENDENT EXTERNAL REVIEWERS AND COLLABORATORS

Please pay special attention to potential ***conflicts of interest*** at this stage. **Supervisors who have collaborated with the candidate in the last five-years, must recuse themselves from the selection process of external reviewers and the promotion review.** Please also confirm that all external reviewers do not have a conflict of interest. As with the provisions used by the National Science Foundation, [National Institutes of Health](#) and other groups to ensure the impartiality of reviews, collaborators are defined as individuals who have co-authored books, articles, abstracts, or grant proposals within the last five-years. Collaborators also include individuals who have been a candidate's dissertation advisor, mentor, supervisor, co-instructor, or close coworker in a lab, department, or residency program, even if this relationship occurred more than five years prior to the review.

Once complete, please sort the worksheet to order the reviewers by the suggested column.
